

Kommand is a privately owned proprietary limited company with proven capabilities in:

- The hire of machine control & site management equipment to the civil, construction, infrastructure and mining industries;
- The service of machine control & site management equipment;
- The sale of machine control & site management equipment.

Kommand is committed to the delivery of these services in a manner that prevents all occupational injury and illness.

We achieve this by:

- Developing and implementing safety and health management systems;
- Identifying and controlling safety and health risks;
- Providing adequate resources, including supervision, to meet policy objectives;
- Ensuring that everyone, including suppliers and subcontractors, are responsible for:
 - Working in a safe manner;
 - Following safety rules;
 - Participating in safety training; and
 - Identifying and reporting hazards.
- Establishing measurable objectives and targets to ensure continual improvement;
- Regularly monitoring and reviewing these policies and systems for continual improvement;
- Comply with all applicable legislative standards, Company requirements and contractual obligations.
- Establishing and maintaining a safe work culture

Our goal is to continue Kommand's tradition of sound safety performance which is achieved by promoting and encouraging health and safety at all levels of the company.

Gerald Kirkpatrick
Director
